DIFFERENT PERSPECTIVES A MORE MEANINGFUL LIFE

Level 1

TRUSTS SOCIETAL RULES AND INSTITUTIONS

- Never question societal truths.
- Even truths that contradict each other.
- Believe the medical system is to keep them healthy.
- Problems that can be solved with law.
- Work and do as they're told.
- Believe science is the tool to find ultimate truth.
- ETs are not real or are whatever the government tells them.

- Their truth and values are the ones of society.
- Feel they are superior to all others who do not comply with the rules.
- Believe politics are real and have only minor problems like corruption and cheating.
- Laws are to keep the peace and protect the people.
- Pay taxes believing that is how government finances projects.
- Even when it contradicts their religion.
- Anyone who doesn't agree is just a crazy conspiracy theorist to them.

Level 2

QUESTIONS AND SEEKS ALTERNATIVES

- Start to realize that many parts of society are not right
- Still believe that problems can be solved by electing the right politician.
- Start suspecting that many companies are introducing harmful ingredients into food.
- Still believe in science but see that it's limited.
- Start to believe the paranormal but are skeptical.
- Spirituality is the same as religion.

- There's corruption everywhere.
- Start suspecting that some medicines are not good for them.
- But this is only because they want to generate more profit and more money
- Still believe in government and democratic elections.
- ETs are still just meaningless conversations.
- Awareness is achieved in school especially college.

Level 3

SEEKS ANSWERS BEYOND SOCIAL NORMS

- Strong need to seek answers outside the socially accepted norms.
- Realizing that Material things do not bring much happiness.
- Still believe in authority figures.
- Unaware that they are under the control of intelligence agencies and are part of the perception control.
- But still fall for the organizations that seem to oppose them. But are also controlled opposition.
- Starting to believe they are a starseed.
- Tend to think they hold the ultimate truth about spirituality and ETs because those beliefs gave them a sense of belonging.
- Believe truth is absolute when dealing with the paranormal.
- Suffer when they meet resistance to these ideas in others and build resentment.

- May have suffered much in their lives.
- Seek fulfillment in their new spiritual ways or in the New Age movement.
- Follow spiritual leaders and gurus who go against the mainstream to tell them what to do.
- Aware that governments are controlled from behind by secret groups of people.
- Still feel the need to fit into or belong to a group that is well accepted.
- Believe that they are part of the popular ET races: Pleiadians, Andromedans, Arcturians, Lyrans.
- Believe that ETs are one thing and humanity is another.
- Tend to want to awaken everyone around them.

Level 4

INDEPENDENT RESEARCH, DISCERNMENT, AND OPENNESS

- Believe that all groups of people including spiritual groups are all controlled.
- Understand that they have to research everything on their own.
- Decide what is real and what is not for themselves.

- Realize they hold the answers from inside themselves.
- Question everything official.
- Know that science is a limited tool used to make gadgets work in the material realm.
- Know that everything is just a game for the experiences.
- Realize that lower levels cannot comprehend their perception of reality.
- They know they have to adjust their behavior and what they say to the level they are talking to.
- You are the only weapon they fear.
- Death is an illusion.

- Realize that they can't follow any leader blindly.
- Listen to everyone but follow no one.
- Understand that the whole worldwide is based on lies and who controls the narrative.
- Realize that the ETs they sought to contact are themselves.
- No difference between ETs and themselves.
- Know that the higher up the authority, the less true the information is.
- And can never explain what is really important.
- Understand that no one will ever really comprehend what they know.
- Approach new information with humble curiosity and no judgment.
- It is useless to try to convince people of what they know.
- Know that their frequency will take them back to their families in life or death.
- Aware that they are the creators and manipulators of their reality.
